*The recent road closures on B1113 and A143 appeared to be an uncoordinated shambles presumably because they included both Suffolk and Norfolk. Redgrave was closed in both directions on B1113 for a time such that only those knowing the byroads could get in or out. The bus services were also cut. Jessica would take up the issue*  
*Verge cutting is only being done once per year resulting in unsafe rural roads.*
